February

Teacher Diane &
Teacher Rachel

During the month of February we have the privilege and the honor of celebrating and talking about the great love that our father in heaven has given us. In class we will be talking about love and sharing, and focus on how we can put these characteristics into action.
Our project this month will be making valentines and bringing them to the nursing home. I will let you know the details later. This will be another way we can be a blessing and share the love of Jesus.
We have the privilege of sharing that amazing love within our families to the precious little lives God has given us and to others around us including those we have the privilege of teaching in our classroom. We love because the Father first loved us.
